Guest Presentation By Grassroots Environmental Education's Matthew Rizzo

Trish Ewald - Blessings in a Backpack

There are more than 20-million children in this country who are at risk of hunger. The consequences of hunger are much more than a growling stomach. Poor nutrition can result in a weaker immune system, increased hospitalization, lower IQ, shorter attention spans, and lower academic achievement. Children are fed during the school week by federal government programs, but we want to make sure they're getting nutritional meals over the weekend, too. **Blessings in a Backpack** mobilizes communities, individuals, and resources to provide food on the weekends for elementary school children across America who might otherwise go hungry.

Blessings in a Backpack is a 501 C (3) non-profit organization currently feeding over 83,000 children 900 schools in 46 U.S. states and the District of Columbia.

**Coram Civic Association meetings are held at the old Coram Firehouse
303 Middle Country Road, Coram (next to McDonald's)**
